

Picloram 22K

Herbicide

Formulation

picloram: 21.1% – 2 lb/gal

Active Ingredient

Picloram

Equivalent Brand

Tordon® 22K

Case Pack / Pallet

2 x 2.5 gal / 36 cases
4 x 30 gal / 4 drums
275 gal / 1 tote

Application Rates

See label for
specific uses and rates.

Mode of Action

Pre-emergence and
Early Post-emergence Control

Signal Word

Caution - Restricted Use

For use in areas west of the Mississippi river to control susceptible broadleaf weeds and woody plants, on rangeland and permanent grass pastures, fallow cropland, spring-seeded wheat, barley and oats not underseeded with a legume, non-cropland, and on Conservation Reserve Program (CRP) acres.

- ▶ Excellent choice for most noxious and invasive weeds.
- ▶ Provides soil residual for lasting perennial weed control.
- ▶ Translocates for more complete control of top growth and roots.
- ▶ Can be used around desirable grasses.
- ▶ Reduces encroaching brush.
- ▶ No grazing restrictions except for lactating dairy animals.
- ▶ Offers flexible rate programs.

Partial List of Weeds & Vegetation Controlled
