

**RESTRICTED USE PESTICIDE**

**DUE TO A HIGH ACUTE TOXICITY**

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

**FIFRA SECTION 24(c) SPECIAL LOCAL NEED LABEL  
REGISTRATION FOR SPECIAL LOCAL NEED**

**FOR DISTRIBUTION AND USE ONLY WITHIN OREGON**

**DANGER**

**POISON**

**KEEP OUT OF REACH OF CHILDREN**

Trade Name: **MAGNACIDE™ H Herbicide**

EPA Reg. No.: 10707-9; EPA SLN No.: OR-910018

**FOR CONTROL OF CERTAIN WEEDS IN IRRIGATION RESERVOIRS**

**This label is valid until December 31, 2026 or until otherwise amended, withdrawn, canceled, or suspended.**

<b>ACTIVE INGREDIENT:</b>	<b>BY WEIGHT</b>
Acrolein . . . . .	95%
<b>INERT INGREDIENTS</b> .....	<u>5%</u>
	<b>TOTAL</b> 100%

This product contains the toxic inert ingredient hydroquinone.  
(MAGNACIDE™ H Herbicide contains 6.7 pounds of active ingredient per gallon)

**RESTRICTIONS**

Do not permit dairy animals to drink treated water. Do not use where waters will flow into potential sources of drinking water. Water treated with **MAGNACIDE™ H Herbicide** must be used for irrigation of fields, either crop bearing, fallow or pasture, where the treated water remains on the field OR held for 6 days before being released into fish bearing waters or where it will drain into them.

Annual training on the use of the product is required. All professional training in the use of the equipment and chemical will be the responsibility of the supplier's authorized distributor (Alligare LLC).

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to fish and wildlife. Keep out of lakes, streams or ponds. Fish, shrimp and crabs will be killed at application rates recommended. Do not apply where they are important resources. Do not apply to water drainage areas where runoff or flooding will contaminate ponds, lakes, streams, tidal marshes and estuaries. Do not contaminate water by cleaning of equipment or disposal of wastes. Notify your State Fish and Game Agency before applying this product. Use only as specified. Contact EPA Region 10 or the Oregon Department of Environmental Quality to determine if any permits prior to application are required.

**DIRECTIONS FOR USE**

This label and the main federal label for this product must be in possession of the user at the time of pesticide application.

Follow all applicable directions, restrictions, and precautions on this Section 24(c) label, the main EPA-registered label and the MAGNACIDE™ H Herbicide Application and Safety Manual. It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Dosage and application rates will be determined by several factors, including (but not limited to) weed growth conditions (type, amount, and size) and water conditions (temperature and rate of flow). Refer to the MAGNACIDE H Herbicide Application and Safety Manual for specific calculation and application directions.

Location: Statewide.  
Site: Irrigation reservoir.  
Target Pest/Problem: Algae and weeds listed on the registered labeling.

Dosage:	Do not exceed 15 ppm concentration in water.
Method of Application:	Ground application.
Frequency/Timing of Application:	As needed.
Other Requirements:	For use only by certified applicators or under their direct supervision.

### POSTING OF APPLICATION EQUIPMENT AREA

The Certified Applicator in charge of the application must post signs around the perimeter of the application equipment area (truck, hoses and skids). Signs must be no more than 15 feet apart and contain the following information:

- Skull and crossbones symbol
- **DANGER/PELIGRO**
- **DO NOT ENTER/NO ENTRE:** Pesticide Application/Aplicación de Pesticidas
- The name of the product being applied
- The start date and time of application
- The end date and time of application
- The name, address and telephone number of the Certified Applicator in charge of the application
- **“FISHING STRICTLY PROHIBITED”**

Signs must remain legible during the entire posting period and must be removed once the application is completed and no later than 3 days after treatment.

Applications with MAGNACIDE™ H Herbicide may only be made in canals with posted no swimming signs. Contact the local irrigation district if the signs are not posted.

### FIRST AID

Have the product container, label or application and safety manual with you when calling a poison control center or doctor, or going for treatment.

#### In inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

#### If on skin or clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a poison control center or doctor for treatment advice.

#### If in eyes:

- Hold eye open and rinse slowly and gently with water for 15 – 20 minutes.
- Remove contact lenses, if present, after 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

#### If swallowed:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

#### Note to Physician

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**WARNING SIGNS AND SYMPTOMS:** Liquid **MAGNACIDE™ H Herbicide** is absorbed by the skin and is particularly irritating to any lesion and to the eye. The vapors act principally on the mucous membrane of the eyes and respiratory tract. Because of the extreme lachrymatory warning effect, the concentration tolerable by man is far below the minimum lethal concentration.

**TREATMENT:** Treat exposed area as a chemical burn. Thoroughly flush eyes with water and treat symptomatically. Persons exposed to **MAGNACIDE™ H Herbicide** vapors have a delayed reaction and experience irritation of the respiratory tract. In severe cases, this may progress to pulmonary edema. Therefore, it is advisable to keep persons exposed to **MAGNACIDE™ H Herbicide** under observation for 24 hours following exposure.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER**

DANGER. EXTREMELY FLAMMABLE AND IRRITATING VAPOR AND LIQUID. POISONOUS BY INHALATION, SKIN CONTACT OR SWALLOWING. DO NOT BREATHE VAPOR. CORROSIVE. CAUSES EYE AND SKIN DAMAGE. DO NOT GET IN EYES, ON SKIN OR ON CLOTHING. KEEP AWAY FROM FIRE, SPARKS AND HEATED SURFACES.

When setting up and breaking down application equipment, a full-face air purifying respirator with organic vapor (OV) cartridges approved by the National Institute of Occupational Safety and Health (NIOSH) and butyl rubber gloves must be worn. For visual inspection during treatment, chemical splash goggles must be worn. If spilled on clothing, gloves, or shoes, remove them immediately and wash thoroughly with soap and water before reuse. Use with adequate ventilation.
