

CATEGORY:

Bare Ground / RxR

Roadside / ROW

ACTIVE
INGREDIENT:

Bromacil
(5-bromo-3-sec-butyl-6-methyluracil) 80.0%

PRODUCT:

BROMACIL 80
HERBICIDE

A Proven Winner in Bareground Weed Control

Label Details:

Signal Word CAUTION
Group 5

Use Sites:

Bromacil 80 Herbicide is recommended for control of undesirable vegetation for extended periods of time in non-crop areas such as:

- Highway and pipeline rights-of-way
- Industrial plant sites
- Lumberyards
- Petroleum tank farms
- Railroads
- Storage areas

Bromacil 80 Herbicide provides broad spectrum control of annual and perennial grasses, broadleaf weeds and brush.

- Long lasting residual
- Consistent performance
- Excellent tank mix partner
- Proven tough on problem annual and perennial weeds

Common Tank-mix partners

2,4-D
Dicamba 4
Dryphosate 75SG

FLAGSTAFF®
Imazapyr 4SL
Panoramic® 2SL

Promenade®
SFM 75
TRIUMPH® 22K

BROMACIL 80

HERBICIDE

Active Ingredients:

Bromacil 80 is powered by the active ingredient bromacil, a Group 5 Uracil herbicide that works as a photosynthesis inhibitor.

Use Tips / For Best Results:

- For best results, Bromacil 80 needs adequate moisture to be incorporated into the soil.
- Bromacil 80 primarily works through root uptake and has limited contact activity on target plants. After weeds have emerged, the addition of a burndown herbicide like Dryphosate 75SG or other common burndown herbicides will improve initial control of target species.
- When tank mixing with Bromacil 80, completely mix the product in the spray tank carrier (water) before adding any other herbicide or spray adjuvant. A small compatibility test should be performed prior to adding the products into the spray tank using a combination of products not previously used.
- **Mixing in Water** – Always follow the W.A.L.E.S. order of mixing. Fill Tank half full of water. Start Agitation system and while continuing to add water, add Bromacil 80 first followed by additional dry materials, then liquids, emulsifiables and finally - surfactants.

Targeted Weeds: [\(See label for complete list\)](#)

Annuals

Common Ragweed
Crabgrass
Downy Brome
Italian Ryegrass
Foxtails
Puncturevine

Perennials

Bahiagrass
Bermudagrass
Bluegrass
Wild Carrot
Goldenrod

Johnsongrass
Nutsedge
Plantain
Quackgrass
Smooth Brome

Johnsongrass

Foxtail

Wild carrot

Puncturevine
