# WATER CONDITIONER GOLD

## WATER CONDITIONING AGENT, DEPOSITION AID, AND DRIFT REDUCTION AGENT

**PRINCIPAL FUNCTIONING AGENTS:**

Ammonium sulfate, polyhydric alcohol, and phosphoric acid... 35.0%

**CONSTITUENTS INEFFECTIVE AS A SPRAY ADJUVANT**... 65.0%**TOTAL:**... 100.0%

All ingredients in this product are exempt from the requirements of a tolerance as specified under Title 40, Code of Federal Regulations 180.

CA Registration No.: 81927-50011-AA

WA Registration No.: 81927-2201

### KEEP OUT OF REACH OF CHILDREN WARNING

Causes eye irritation and mild skin irritation. May be harmful if swallowed, inhaled, or absorbed through skin.

**PRECAUTIONARY STATEMENTS**

Wear eye and/or face protection. Wash hands, face, and other affected areas thoroughly after handling. If eye or skin irritation occurs, seek medical attention. Disposal of contents and/or container must be in compliance with local, state, and federal laws and regulations.

**FIRST AID****IF SWALLOWED:** Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If irritation persists, seek medical attention.**IF ON SKIN OR CLOTHING:** Call a POISON CENTER or doctor/physician if you feel unwell. Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water. If skin irritation occurs, get medical advice or attention.Manufactured for: Alligare, LLC  
1565 5th Avenue • Opelika, AL 36801  
888-255-4427**IF INHALED:** Call a POISON CENTER/doctor/seek medical attention if you feel unwell. Remove person to fresh air and keep comfortable for breathing.**GENERAL INFORMATION**

ALLIGARE WATER CONDITIONER GOLD is a water-conditioning agent and deposition aid for use with pesticides that are labeled for agricultural, forestry, non-cropland, and right-of-way uses. ALLIGARE WATER CONDITIONER GOLD may be used when the pesticide label recommends the use of ammonium sulfate (AMS) or an ammonium sulfate additive. Hard water cations and high pH can decrease mixability and solubility of certain pesticides, especially Glyphosates, 2,4-D Amines and Garlon salts.

**Not:** ALLIGARE WATER CONDITIONER GOLD does not replace the need for a crop oil concentrate or nonionic surfactant. For specific rates of a COC or NIS, always refer to the pesticide manufacturers' label.

ALLIGARE WATER CONDITIONER GOLD is approved for aquatic use with pesticides labeled for aquatic use.

If the applicator does not have experience using this product, a phytotoxicity and jar test must be performed to facilitate crop safety and tank mix compatibility.

### DIRECTIONS FOR USE

REFER TO HERBICIDE LABEL FOR SPECIFIC CROP USE AND APPLICATION RATES. Prior to use, read and follow all directions on this label and on the label of the herbicide being used. The herbicide manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label. Generally, use 1–3 quarts per 100 gallons spray solution (0.25–0.75% v/v) for ground and aerial application. For most uses, the recommended rate is 2 quarts per 100 gallons (0.50% v/v). ALLIGARE WATER CONDITIONER GOLD contains the equivalent of 2 pounds AMS per gallon.

**MIXING**

All spray mixing and application equipment must be thoroughly cleaned before pesticides are applied.

1. Fill spray tank half full of water and start agitation.

2. Add desired rate of ALLIGARE WATER CONDITIONER GOLD to water before adding pesticides.

3. Add pesticides as directed by the label, while maintaining agitation.

**STORAGE AND DISPOSAL INFORMATION****STORAGE:** Store product in original container only. Do not allow other chemicals to be introduced into the container. Keep this container closed when not in use. Protect from freezing.**DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Triple rinse container and pour rinsate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrcycle.org](http://www.acrcycle.org). Dispose of contents/container in accordance with local/national regulations.**NOTICE OF WARRANTY:** Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the Seller. IN NO CASE SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER. SELLER MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
